

## Make the Greatest Impact with Your Curriculum

Ensure that your Learning A–Z products are implemented efficiently, effectively, and consistently with our **Resource Mapping** service. Let our team of academic and curriculum experts save you time by identifying and strategically integrating Learning A–Z resources into your curriculum.

Together, we'll create a personalized solution that best fits your curricular goals, so your teachers can focus on driving positive student outcomes.

“Our teachers are now able to navigate between ‘what is taught’ and ‘how to use the resource to teach it’ within seconds. The [Resource Mapping] service was transformative!”

— **Melonie B. Iglehart-Hammons**,  
Director of Curriculum and Instruction,  
Southside Independent School District

- **Get a plan** designed specifically to fit your unique curriculum.
- **Partner** with the educators and experts at Learning A–Z who know the resources best.
- **Save time** by letting us find the best resources that align with your instructional framework, standards, and learning outcomes.
- **Promote strategic and meaningful usage** of your Learning A–Z resources.
- **Ensure consistency** across goals, curriculum, pedagogy, and student outcomes.

### Add a Customized Resource Area in Your Learning A–Z Products

To facilitate implementation and ease of use, we can also organize the mapped resources in folders consistent with your resource map.

Ask about the **Custom File Cabinet**.

*Available for Raz-Plus, Reading A–Z, and Science A–Z.*
